

# Catch a ferry to the Coromandel

360 Discovery operates a ferry service from downtown Auckland to Coromandel all year round. Catch a ferry, avoid the traffic and enjoy the scenery of the spectacular Hauraki Gulf.

Sit back, relax and admire the stunning scenery of coast, sea and islands - home to an amazing variety of wildlife. And even better, you may be lucky enough to see a pod of dolphins along the way! A range of hot, cold and alcoholic beverages can be purchased on board, along with snack foods.

# Coromandel Highlights...

**Scenic tour and guided walk** takes you to the stunning 309 Kauri Gove where you can gain a deep insight into the real Coromandel. Then visit the beautiful Waiiau Waterfall and meet Stuart's wild pigs.

**Driving Creek Railway and Potteries** is New Zealand's only narrow gauge mountain railway along with a working pottery and wildlife sanctuary. The 1 hour return trip takes you through a replanted native kauri forest. Additional entry fare applies.

**The Waterworks** is full of fantastic, quirky, Kiwi ingenuity and 5 acres of interactive gadgets and contraptions powered by water. Have a picnic or go for a swim in the swimming hole. Great family fun and a must do while in Coromandel. Additional entry fare applies.

**Hot Water Beach** is a truly unique experience. An underground reservoir of hot water filters up through the sand so you can dig your very own beach spa. It's best to visit two hours either side of low tide.

**Cathedral Cove** has a picturesque view, lovely walking tracks and popular beaches all in one spot. The cove and beach was used at the tunnel entry to Narnia in the movie The Chronicles of Narnia: Prince Caspian.
